

### The Benefits of Lease-Purchasing EPOS Equipment:

After paying an initial deposit Systems Purchase allows you to finance the remaining balance for your ICT equipment over a 24 or 36-month agreement. You will find that fixed monthly payments help to regulate cash flow and leave you in complete control. The key benefit of this product is that at the end of the agreement, you then own the ICT solution outright.

Here are some other key features that will be most beneficial to your business:

■ **Maximises Budget**

Meets today's ICT requirements with tomorrow's expenditure.

■ **Preserves Capital**

Leaves capital free to use in other areas of your business.

■ **Better Control**

Known payments provide an inflation hedge, easier budgeting and help you to maintain control of your cash flow.

■ **Tax Advantages**

Limited tax allowances which include full tax relief only on interest element.

■ **Ownership**

You receive full ownership at the end of the agreement.
