Product Details:

The C-510 Note Counter/Checker is a Bank Approved device that easily identifies counterfeit notes from various currencies, including Sterling, Euro, and US Dollar.

Features include Infrared Mark and Fluorescent Pattern checking, and Magnetic Ink detection with variable sensitivity settings for multi-directional screening.

The C-510 is suitable for almost all business sectors including banks, shops, and restaurants.

The C-510 is not only easy to operate but also allows counting adjustment of counting speeds to between 700 to 1600 notes per minute. It is fast and easy to operate. It is currently one of the most accurate and reliable currency counting machines available on today's market.
