Dimensions:

304 x 263 x 191 (mm)

Weight:

7.2 kg

Counting Speed:

1,000+100 Notes / Minute

Product Details:

Can you count up to 16 notes per second?

The TM-51 money counting machine counts effortlessly up to 1,000 notes per minute, scanning for frauds and counterfeits during the process

The 'size-detection' function verifies that all the notes in a stack of money have the same value. Memory, sum and bundling features and a large LCD display come as standard.

The TM-51 machine has been tested very thoroughly. That's why they are in use by numerous large, medium and small retail and service companies in the UK.
